

Checklist of what you need to bring for Stargazing

Clothing

Be appropriately dressed, wear layers of clothing and don't forget to wear gloves and a hat, especially one that covers your ears in Spring and Autumn months.

Torches

Take a red torch, this will avoid the issue of losing your dark-adapted vision.

Refreshment

Take a flask of hot tea, coffee, or hot chocolate. Please ask us and we will make it.

Equipment

Please bring the following if you have them:

Binoculars

Telescope

Stargazing book

Planisphere (star wheel)

Fleece blanket

All guests may borrow a kit for one night during their stay, free of charge. Just drop us an email to arrange it before your stay.

Phone Apps

Download a free or paid app before your stay this will save time. Please check that your smartphone meets the requirements of the App regarding sensors – not all do. Please bear in mind the caveat that phones can adversely affect your night vision.
